Two Residential Models

ELITE Residential Elevator

The American Crescent ELITE is the HIGHEST QUALITY Winding Drum Elevator on the market. Enjoy increased mobility and added convenience with a Smooth, Quality Ride.

Add Value & Versatility To Your Home With These Standard Features

- Variable Speed Winding Drum Drive: Can be located adjacent to the rail system, overhead or inside the elevator shaft for a machine roomless application.
- 950 lb. Capacity, 12 Square Foot Platform (Oversize Cars Available)
- Automatic, Two-Way Leveling Brings You to a Smooth Stop
- Dependable Micro-Processor Controls
- Momentary Push-Button Call/Send Control
- Magnetic Tape Selector Insures Smooth, Accurate Destination Delivery
- Approved & Reliable Hoistway Door Interlocks with Emergency Access
- Instantaneous Safety Device
- Remote Power Control Unit Locating Ability
- Emergency Battery Powered Lowering & Lighting
- In-Car Alarm Signal with Push-Button Operation
- In-Car Telephone System
- Pre-Wired Car Package Reduces Field Wiring Time
- Meets or Exceeds ANSI A17.1 National Safety Code

ELITE Optional Features Include (But Not Limited To)

- Keyed Security Operation for Car or Hall Control Stations
- “Home Floor” Designation: Allows Elevator to return to a Specific, Predetermined Landing After Period of Non-Use
- Car Position Indicator Inside Car or at Landing
- “Car Here” Lights

ELITE “Pit-Less” Option

Our Elite Winding Drum “Pit-Less” Option requires the same footprint as our other models with the exception of the Style D front and side openings. Please refer to the pit layout on Pages 13-14. Designed to stop 1.25” above ground level. Please contact our office for more details

To Choose From
